

San Clemente Boys Cross Country Team Uniform Package and Fund-raising

Parents and Athletes,

Due to the high cost of continually replacing lost, damaged and un-returned uniforms, we now require athletes to purchase their uniform package. This team package includes the uniform singlet, uniform shorts, t-shirt, warm-ups and team gear bag. As long as the uniform is maintained in good condition athletes will be able to use it each year for cross country and track & field.

All newcomers will be required to purchase the entire package. Returning team members who purchased the new Asics uniform, warm-ups and gear bag during track season this year will only need to buy the new t-shirt, and pay the booster club and bus fees. If a returner has lost or damaged any of the items purchased during track season, they will be required to replace them.

The cost of the entire package for newcomers and new items for returnees, are listed below. All other required fees and fundraising are listed as well. Please note that these fees are less than those typically charged by most other high school programs in the area.

The team package can be purchased with a check or money order, or covered through fund-raising. Athletes, who wish to cover the cost through fund-raising, will be given information in a separate handout.

Parents, who choose to pay for the entire team package including the fund-raising requirement for the athlete, should complete the information below, and return it along with a check, to Coach Johnson as soon as possible. Please make checks payable to SCHS Cross Country. **Athletes who choose the fund-raising option to pay for all or part of the team package must see Coach Johnson for more information.**

Bus Fee: CUSD requires that all athletes who will be traveling on a team bus pay a fee of **\$50.00**. Athletes on the district's free lunch program can have the fee waived by completing a form that can be obtained through our web site, in the main office or athletic director's office.
